Career Objectives

- Motivated and enthusiastic Computer Science undergraduate aiming to become a proficient Java Full Stack Developer. Well-versed in Java, OOP principles, and web technologies like HTML, CSS, and JavaScript. Currently undergoing training in Spring Framework and back-end development. Eager to apply technical skills and develop scalable, maintainable full-stack applications in a collaborative environment.

Education

- Gandhi Institute For Education And Technology, Khordha**
BTech
7.5 CGPA/10
2021-2025
- Bhadrak Higher Secondary School, Bhadrak**
Higher Secondary School
83.33/100
2019-2021
- Oxford Public School, Dhamnagar**
Matriculation
80/100
2019

Skills

- Languages :- HTML, CSS, Javascript, Java
- Frameworks and Libraries :- React, Bootstrap, Spring (Learning), Hibernate
- Tools and Databases :- Git, GitHub, MySql, Oracle

Projects

- NoteTaker (Hibernate, JSP, Servlets, MySQL)**
 - Designed and implemented a full-featured CRUD-based note-taking web application using MVC architecture.
 - Utilized Hibernate for ORM and JSP/Servlets for backend logic with persistent data storage in MySQL.
- WorldAtlas (React JS, CSS, JavaScript)**
 - Developed a single-page application using React JS to fetch and display country-specific data via external APIs.
 - Implemented features like live search, region-based filtering, and dynamic flag rendering.
- Virtual Assistant (HTML, CSS, JavaScript)**
 - Built a browser-based voice assistant leveraging Web Speech API to recognize and respond to voice commands.
 - Enabled functionalities like opening websites and setting reminders using JavaScript logic.

Training & Certifications

- J Spiders, Bhubaneswar**
Full Stack Java Developer Training
- Technologies: Java, JDBC, JSP, Servlets, Spring Boot (Basics)
- Frontend: HTML, CSS, JavaScript
- Database: MySQL
- Developed multiple mini-projects in team-based settings
Sept 2024 - Present
- Lakshya Institute of Technology, Bhubaneswar**
Web Development Training
- Gained hands-on experience in full-stack web development
- Technologies: HTML, CSS, JavaScript, Core Java, Oracle Database
- Focused on front-end design and basic back-end integration with real-world applications
Mar 2024 - June 2024

Achievements & Awards

- Junior International Taekwondo Gold Medalist - Represented at international level and won gold in Taekwondo. - Demonstrates discipline, resilience, and competitive spirit
